

WINNERS IN YULE PARTY ON CLUB ALLEY

Match by Four-Point Lead With Score of 2,351.

The team captained by H. G. Peluso won a nip-and-tuck bowling game by a margin of four points from the pin-toppers led by Captain Cargill last night at the Christmas party of the Rock Island Plover Company Bowling club given at the alley located on the corner of the alley at Seventeenth street and Seventh avenue. The final score was 2,351 to 2,351. Besides the members of the 10 teams, over fifty members and friends of the club attended for the match game and festivities.

After the last ball had been rolled and the four-point lead chalked on the scoreboard declaring Peluso's team champs, a picked team, marshaled by Ed Freeman, challenged the title holders, but were told, with belt-winners' bravado, to "go out and get a reputation." A second match for the laurels is doubtful.

The result of the much-vaunted match game, which was featured by the incessant rooting of the inimitable Mr. Dodds, was as follows:

Spencer 157 130 141 428
Peluso (C) 179 193 145 517
Van Dine 190 181 141 512
Winkler 134 174 177 485

BUY SITE FOR GRAVEL PLANT COST \$60,000

Rock Island Sand & Gravel Company Acquires Property Fronting on River.

A gravel screening plant to cost when completed between \$50,000 and \$60,000 is to be built by the Rock Island Sand & Gravel company during the coming year, according to announcement today by H. J. Larkin, secretary and manager of the company. The building is to rise on the river front on property lying south of Twenty-first avenue. It is considered likely that construction will be under way next spring. It is proposed to build a plant that will handle between 500 and 600 yards of gravel daily.

The transfer of 53 acres facing on the river to the gravel concern was recently completed through the agency of Reidy Bros. real estate firm. The property was formerly owned by Mrs. Elizabeth Dimick and was at one time a part of the O. J. Dimick estate. The consideration was well over the \$30,000 mark.

The land was acquired by the company for its known value as a gravel bed.

SOME KICK AT 74:
Lancaster, Calif., Dec. 23.—T. W. Edwards, realty operator, celebrated the 74th anniversary of his birth by kicking a hat from the head of a man six feet two inches tall, without losing his balance.

When I am 100 years old, Mr. Edwards remarked today, "I shall take on a much taller man."

50 ATHLETES FROM FIVE CITIES MEET AT ROCK ISLAND Y

The Gym Fest held at the Y. M. C. A. last evening for teams of the five cities, Muscatine, Davenport, Rock Island, Moline and East Moline proved to be a big success in the introduction of new stunts and exercises displayed by the various representatives.

Each association was represented by its leader at supper. E. C. Fisher, superintendent of schools, spoke on physical fitness, and E. T. Head, of Davenport, on the preparation of physical men for the association. The many stunts and exercises were displayed in the gym and the evening proper was brought to a conclusion in the swimming pool. About 50 athletes took part in the fest.

TRAFFIC KILLS SIX.
Chicago, Dec. 23.—(By United Press).—A white Christmas cost the lives of six persons here late last night.

That number were killed in traffic accidents during a storm which covered the ground with an inch of snow.

Boy Scout News

Troop No. 22 met at the Legion hall last evening with Scoutmaster Steve Miller. This troop has new baseball equipment and after a few more nights of practice will be ready to challenge any troop in the city.

Troop No. 9 will meet at the First Baptist church this evening at 7:30. This group is getting along in fine shape since Mr. Simpson assumed charge. Many new members are coming in and this speaks well for the scoutmaster and his assistants.

Scoutmasters of the city will be given a banquet by the local council next Wednesday evening at the Y. W. C. A. at 6:30. This is an annual affair for troop leaders and their assistants. A program will be put on following the banquet and at the completion of the program the regular school of instruction will be conducted. Instructors for the next session are as follows: Steve Miller, scoutmaster troop 22; Sam Ryerson, Sr., scout commissioner; Arnold Hauerwas, scoutmaster troop 5; C. E. Stone, scoutmaster troop 16; Sam Ryerson, Jr., assistant scoutmaster troop 19, and the

scout association. The school of instruction is divided into 10 minute periods and closes promptly at 9 o'clock.

A big treat is in store for all the scouts of Rock Island and Davenport who were at Scout Haven last summer. A big hike is being planned for them for some day next week to Davenport's island, west of Davenport. The entire day will be spent at this place and a program of outdoor winter sports given. Much scout will be sent information as to what he is to bring for the dinner. Scouts who have not as yet tested real Mulligan stew will be given the opportunity next week. Scouts may register for the hike at scout headquarters.

More Than A MILLION FEET OF LUMBER Were Used in the Construction of the Kahl Building

It is a remarkable and interesting fact that the Kahl building, that wonderful structure of stone and steel, used over one million one hundred thousand feet of lumber in its construction.

Enough lumber to build one hundred houses of ordinary size was needed to erect this building. Nor does that total include any of the fine finish lumber that went into it or the wood in the doors and frames.

Most of this tremendous amount of lumber was used for the so-called temporary purposes of building forms in which to pour concrete. Much of it was used for braces.

This Was a Job Where Prompt Delivery Service Was Paramount

Here was an organization of many men working to build a mighty building and using up material in huge quantities with almost incredible speed. In a job of this kind these men must be kept supplied with materials otherwise time would be lost and when many men lose time it costs money.

The Mueller Lumber Company delivered this entire amount of lumber as it was needed, either a carload at a time or a single piece that was to be used for some special purpose.

As we have done in this job, we can do in others. If you are in need of building material, no matter what the quantity may be, call on us for prompt service.
